## PROFILE SUMMARY

Computer Science graduate (Sukkur IBA University, 2022 – 2026, CGPA 3.67, STHP fully funded scholar) working at the intersection of AI/ML and full-stack software development. Built and evaluated deep learning models (CNNs, LSTMs) and fine-tuned LLMs (LoRA, prompt engineering) across computer vision, EEG signal processing, and NLP, in **Python, TensorFlow, PyTorch, and scikit-learn**. Shipped complete products end to end; web (React/Node.js), mobile (Flutter, Kotlin), and Flask-served ML backends. Active research collaborator at **DeepNLP.ai** and co-author (writing contribution) on an IEEE-published, iCoMET 2026-presented paper on safety-aware LLM prompting. Comfortable moving between research experimentation and production-facing engineering.

## TECHNICAL SKILLS

**Languages:** C++, Java, Python, SQL, JavaScript, HTML, CSS, Kotlin

**AI/ML & Data:** TensorFlow, Keras, PyTorch, scikit-learn, NumPy, Pandas, OpenCV, LoRA fine-tuning, prompt engineering

**Web & Mobile:** React, Node.js, Express.js, Flask, Flutter

**Databases & Tools:** MongoDB, MySQL, Firebase, Git/GitHub, Linux, VS Code, IntelliJ IDEA, PyCharm, WordPress

## RESEARCH & PUBLICATIONS

**Research Collaborator – DeepNLP.ai**

Aug 2026 – Present

*Remote NLP & AI-EduTech research collaboration (European institutions + Sukkur IBA University)*

*Remote*

- Conduct literature reviews, run experiments, and contribute academic writing for an in-progress AI/ML/NLP journal paper; participate in weekly progress syncs to evaluate findings and refine methodology.

**Reducing Unsafe Mental Health Advice in Large Language Models Using Safety-Aware Prompting** | *IEEE Xplore, iCoMET 2026*

- Published in IEEE Xplore and presented at iCoMET 2026 (writing contribution) – focused on safety-aware prompting to reduce harmful LLM outputs.

## EXPERIENCE

**Web Development Intern**

Jun 2025 – Jul 2025

*Sukkur Electric Power Company (SEPCO)*

*Sukkur, Pakistan*

- Developed and maintained responsive web pages to improve user accessibility; troubleshooted and resolved technical issues in a real-world organizational environment.

**WordPress Developer Intern**

Jul 2024 – Sep 2024

*Students Empowered Oasis*

*Remote*

- Built and customized WordPress sites using themes and plugins, ensuring responsive design and user-friendly interfaces across pages and layouts.

## FEATURED PROJECTS

**NeuroEmotion** | *Final Year Project – OpenBCI, LSTM, DeepFace, Flask, Flutter*

- Built a bimodal emotion-recognition platform with an EEG-based LSTM module (OpenBCI) and a facial-expression module (DeepFace), served through a Flask API into a Flutter app.

**Healr** | *Full-Stack MERN, React, Node.js, Express, MongoDB*

- Built a full-stack healthcare platform streamlining communication between Doctors, Patients, and Admins with secure, role-based routing.

**MathTutor AI** | *LLM Fine-Tuning (LoRA), Prompt Engineering, Python*

- Built a step-by-step math-reasoning system comparing LoRA fine-tuning against prompt tuning; prompt tuning achieved the higher accuracy of the two.

## EDUCATION

**Sukkur IBA University**

Sep 2022 – May 2026

*Bachelor of Science in Computer Science*

*CGPA: 3.67 / 4.00*

- **Relevant Coursework:** Design & Analysis of Algorithms, Deep Learning, Natural Language Processing, Web Engineering, Data Structures, Object-Oriented Programming.
- **Scholarship:** Sindh Talent Hunt Program (STHP) – fully funded 4-year merit-based scholarship (2022).

## LEADERSHIP & VOLUNTEERING

**Executive Committee Member**, Computer Science Society, Sukkur IBA (Oct 2025 – May 2026) – planned academic events and logistics to increase student engagement in computing activities.

**Web Developer (Volunteer)**, Students Empowered Oasis (Sep 2024 – Apr 2026) – managed event-content platforms, quizzes, newsletters, and registration forms; **Best Web Developer of the Year** awardee.

**Active Member**, SIBA Tech Club, Sukkur IBA (Dec 2024 – May 2026) – helped organize technical events, hackathons, and TechThon operations.

## CERTIFICATIONS & ACHIEVEMENTS

**Certificate of Authorship & Presenter, 5th iCoMET 2026** – IEEE-published research | **SIBAFest Speed Programming** – **1st Place**, Sukkur IBA (Sep 2024)

**Google AI Essentials** and **Google Prompting Essentials** Specializations – Google (2026); **AI for Everyone** – DeepLearning.AI/Andrew Ng (2025); **Programming in Python** – Meta (2025)

**JavaScript Essential Training, JS: OOP, JS as a Second Language, Level Up: JavaScript** – LinkedIn Learning (2024);

**Web Development with WordPress & HTML/CSS** – Educate Sindh (2024)

**PM Youth Laptop Scheme** recipient (2023, academic merit)
